

Add and Subtract 10s

1)

- a) Add 5 tens to the number represented in the place value chart and write the calculation.

Hundreds	Tens	Ones
100 100 100	10 10	1 1 1 1 1 1

- b) Subtract 3 tens from the number represented in the place value chart and write the calculation.

Hundreds	Tens	Ones
100 100	10 10 10	1 1
100 100	10 10 10	1 1

2) Complete the following statements:

a) $632 + 2 \text{ tens} = \underline{\quad}$

b) $342 - 1 \text{ ten} = \underline{\quad}$

c) $435 + \underline{\quad} \text{ tens} = 495$

d) $789 - \underline{\quad} \text{ tens} = 759$

3) Write six statements using these calculations and a $<$, $>$ or $=$ symbol.

$234 + 60$

$233 + 10$

$263 - 20$

$243 + 30$

$264 + 30$

$283 - 10$

Add and Subtract 10s

1)

- a) Add 5 tens to the number represented in the place value chart and write the calculation.

Hundreds	Tens	Ones
100 100 100	10 10	1 1 1 1 1 1

- b) Subtract 3 tens from the number represented in the place value chart and write the calculation.

Hundreds	Tens	Ones

d) $789 - \underline{\quad} \text{ tens} = 759$

3) Write six statements using these calculations and a $<$, $>$ or $=$ symbol.

$234 + 60$

$233 + 10$

$263 - 20$

$243 + 30$

$264 + 30$

$283 - 10$

Add and Subtract 10s

- 1) Bartek has a large sticker book.

Bartek

I have 463 stickers and there are 493 to collect in the book.
I need 30 more stickers to complete the collection.

- a) Is Bartek correct? Explain why.

Hari has the same sticker book. He has 423 stickers.

Hari

I need to collect 7 more stickers to complete my book.

- b) Is Hari correct? Prove it.

- 2) Elena has answered these calculations incorrectly. Explain the errors she has made.

Elena

a) $351 - 50 = 31$

b) $820 + 40 = 824$

- 3) Explain how you can use $4 + 3$ to help you calculate the answer to $249 + 30$.

Add and Subtract 10s

b) $820 + 40 = 824$

- 3) Explain how you can use $4 + 3$ to help you calculate the answer to $249 + 30$.

Add and Subtract 10s

a) $663 + _0 = 6_3$

b) $982 - _0 = 9_2$

c) $1_8 + 60 = 1_8$

d) $4_5 - 30 = 4_5$

Priya

Abi

Clue 1

Priya collects 40 more leaves than Abi.

Clue 2

Both girls collect more than 150 leaves and less than 250 leaves.

Clue 3

The numbers of leaves that both girls collect are multiples of 5.

Add and Subtract 10s

a) $663 + _0 = 6_3$

b) $982 - _0 = 9_2$

c) $1_8 + 60 = 1_8$
