

## YEAR 5 Enquiry questions

Below are the enquiry questions for each term.

### Autumn Term - Planet Earth

Science is our driver subject where we will be learning about the planets and our solar system. Our enhancer subjects, geography and art, will support us in answering our enquiry question.

1. How is our consumption of resources effecting the world? (Climate Change)
2. How did women contribute towards the space race and how did this bring about change?
3. Is a year is always 365 days, no matter where you are in our solar system?

### Spring Term - Ancient Egypt

History is our driver subject where we will be learning about one of the earliest civilizations. Our enhancer subjects, geography and DT, will support us in answering our enquiry question.

1. What was the Ancient Egyptians' greatest invention?
2. What mattered to the Ancient Egyptians? (In depth Tutankhamun)
3. Was the Nile the sources of Ancient Egypt's success?

### Summer Term - Ancient Greece

History is our driver subject where we will be learning about famous Greeks, Empires and great philosophers.

1. Why was the Spartan Army so good? (In depth – Thermopylae)
2. What mattered to the Ancient Greeks?
3. Can we thank Ancient Greece for anything in our lives today?
